Any modifications on your motorcycle should be performed by specialized personnel,
however the installation process of this product is quite easy if you follow the instructions below.

CONTENTS

2 X metallic plate

1-2

Untight the bolts that hold the headlight.
First remove only one of the bolts , get the grill bracket in place and place the bolt back in place.
Do exactly the same with the other side.
Before you tight both bolts adjust the headlight.

3

The end result should appear as in the photo
